PROFESSIONAL SUMMARY

Cloud Computing associate degree student with hands-on academic experience deploying AWS infrastructure, administering Linux servers, and configuring cloud networking and VPN services. Skilled in Python, C++, and web technologies; brings 7+ years of customer-facing retail experience. Seeking an IT support, cloud support, or technology internship opportunity.

TECHNICAL SKILLS

Cloud — AWS EC2, Amazon S3, Amazon VPC, IAM, security groups, subnets, route tables, internet gateways

Systems & Networking — Ubuntu Linux, Windows Server, SSH, DNS, WireGuard, PiVPN, Pi-hole, VPN connectivity, ICMP

Programming & Web — Python, C++, HTML5, CSS, Bootstrap, WordPress

Development Tools — Git (version control), GitHub (source code hosting and project documentation)

TECHNICAL PROJECTS

AWS EC2 VPN & DNS Filtering | Oct 2026
Deployed Ubuntu on Amazon EC2; installed Pi-hole and PiVPN, configured WireGuard and AWS security group access, and verified mobile VPN connectivity and access to the Pi-hole administration dashboard.

AWS VPC Networking | Oct 2026
Created a VPC with public and private subnets, route tables, and an internet gateway; configured EC2 networking and security group settings for connectivity exercises.

AWS S3 Static Website Hosting | Oct 2026
Published an HTML/Bootstrap static website using Amazon S3; configured website hosting and public access to site assets.

Programming Projects | Python & C++
Built a Python menu application, Python net salary calculator, and C++ hotel billing program using loops, conditional logic, user input, and calculations.

PROFESSIONAL EXPERIENCE

Big 5 Sporting Goods — Sales Associate / Cashier | Santa Monica, CA | Feb 2019–Present
Assist customers with product questions, recommendations, and issue resolution in a fast-paced retail setting.

Coordinate shipment receiving, inventory organization, replenishment, and store projects with team members while maintaining cashier accuracy.

EDUCATION

Santa Monica College — Santa Monica, CA | August 2026 – June 2028
Associate's Degree in Cloud Computing, In Progress | Relevant coursework: Introduction to Cloud Computing, Linux administration, Windows Server and networking labs.

Santa Monica College — Santa Monica, CA | Expected Start: August 2027 | Anticipated Graduation: June 2029

Bachelor's Degree in Cloud Computing (Planned)

ADDITIONAL INFORMATION

Languages — English and Spanish (fluent)
